THE CRYSTAL WOLF

Lagertha Vest Assembly & Lacing Guide

Below is assembly for the front of the vest. Here is what I used to lace everything with the order I did it in and remember to watch my tutorials to see each individual technique. Please note that there are several holes that double up – for instance adding edging lacing around the armhole, I used one of the S-shaped holes as there was no room for a regular hole.

Lacing: -

1. S-shaped holes connecting the panels – round 2mm dark brown lacing
2. Braiding the front two center panels together – flat 3mm dark brown lacing
3. Joining the middle chainmail – flat 3mm dark brown lacing
4. Braiding the bottom panel – flat 3mm dark brown lacing

Here is the back assembly and the lacing order for connection: -

1. S-shaped holes connecting the panels – round 2mm dark brown lacing
2. Joining the shoulders of front to back – 3mm flat dark brown lacing
3. Joining the collar pieces to the back and front – flat 3mm dark brown lacing
4. Braiding right down the back from top of collar to bottom of the center panels – 3mm flat dark brown lacing
5. Braiding around the collar front the center back to the front center of the vest – 3mm flat dark brown lacing
6. Joining the middle chainmail – flat 3mm dark brown lacing
7. Adding chainmail to the shoulder/edging the armhole – flat 3mm dark brown lacing
8. Braiding the bottom panel – flat 3mm dark brown lacing
