A large sheet of paper with dashed lines for cutting. It contains several tracing paths: a top path that curves from left to right; a middle path that curves from left to right and then has two small downward-pointing arrows at its end; a large path on the left that curves from top to bottom; a horizontal path in the middle; a horizontal path at the bottom; and a central inverted triangle. There are also four circles: one on the left side, one inside the triangle, and two on the right side.
