

## Laced Bag

**Materials:**

Something around 3-5 oz.

Waxed thread around 0.8mm thick, that's more of your own choice, that is what I use.

Lots of lace: Each seam requires around 40-45" of lace. Alternatively, use some sort of string, thin rope, anything that will look nice and hold the seams together.

**Hardware:**

2 x rectangular or square loops or D-rings for straps

1 double loop slider

Rivets

**Tools:**

Scissors, knife (paper knife or rotary cutter would also work).

Stitching irons: my pattern is made for 5mm stitching irons (5 stitches per inch). If you are willing to use any other size please make sure that the hole count is right:

On each "petal" there are 7 holes, and the circles have 28 holes. With 6 holes on each petal the circle will need 24 holes. With 8 holes on the petals, circle needs 32 holes.

Needles - according to your thread size, a pair of saddle needles.

Mallet, hole puncher.

**Instructions:**

Print the pattern at actual size (100%). Use the reference on top of each page to make sure everything is printed correctly. Join the pages together, cut out the pieces, punch holes. Attach the strap holders with rivets and stitch (insert your loops).

Take two circles, place the "petal" between them, stitch one next to the other.

Lace them up. Lacing style is up to you, I use baseball style lace.

Attach the strap: Rivet the double loop on one end. Put 1 keeper, pass the other end through the loop on the bag, pass it through the keeper. Put on another keeper, pass the end through another loop on the bag and back through the keeper. Pass the end through double loop slider.

A-1

Cut 4 copies of the petal. The strap is attached to 2 of the 4 petals.  
So, the strap holder below has to be omitted on the other two petals.
